Wessex TREC needs its members!

To be successful, Wessex TREC needs to function as a cooperative, with its members contributing to the running of the club itself, and also to the planning, organisation and running of events.

Competitions are structured so that riders can help by sharing the stewarding, judging and similar roles, as well as competing; and at 3-phase competitions, the help of relatives and friends is also often needed.

Below is a suggested list of ways in which members, or their relatives and friends, can help - ideally free of charge, or if not, as economically priced as possible.

Please select all that you, and/or someone you know, could offer. Enter these on your membership form at "how could you help Wessex TREC?" and add further suggestions of your own.
